### **Boggart Essay Draft**

Use the information from your completed “Boggart Chart” and “Boggart Chart Questions” handouts and class discussions, and develop an essay (2-3 paragraphs) that addresses the following questions:

- Your thesis: What do you think the author’s main idea is about fear?
- Supporting evidence: What are some examples from the boggart scenes that depict the author’s main idea about fear and how one may overcome it?
- Connection and conclusion: How do the boggart stories about fear and overcoming fear relate (or do not relate) to your own experiences in real life?
